

Dear Family,

1

I am pleased that you chose our school to come to, I have been very happy here at St James's. My sister enjoyed being here and so does my younger brother.

To keep our school a nice place, we have school values which are kindness, friendship, courage and forgiveness. It's lovely to be rewarded for them.

Our assemblies are fun and we listen to all kinds of music each day. We get play times three times a day to stay active and play with our friends.

I've loved watching the year six productions each year and we have great school discos. I have enjoyed dance club and there's lots of clubs to choose from too.

It may seem like a big thing to be starting school but once you get used to it, you will make lots of friends and notice how much fun you can have here. Staff and children are always happy to help as well. I wish you a super summer and the best of times at St James.

From Taylor.
